

SCRUBBLADE

Installation Guide

Step 1: Thank you for your purchase. Now remove your old, faded, cracked, useless windshield wipers and recycle them because we here at Scrubblade care about the environment and you should too.

Step 2: Open up the attractive Scrubblade package; Slowly pull your brand new shiny, strong, functional and always useful Scrubblade wiper out from the top noticing how well your new Scrubblade wiper has been made. Show it off to your friends if you want .

Step 3: After you have shown it off to your friends, install the Scrubblade on your vehicle using the guide below based on your cars wiper assembly. Now feel good about buying a Scrubblade that actually works.

Hook type arm

Bayonet type arm

Male pin type Arm
